

Why should you be using Tsunami™ Ultra-Flo Spray Hose?

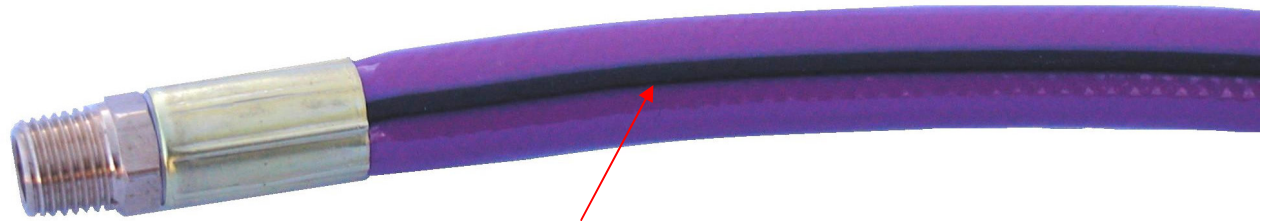

DEFEND YOUR WORK IN THE BOOTH WITH TSUNAMI™ ULTRA-FLO SPRAY HOSE

Take your air system into the future with Tsunami™ Ultra-Flo technology.

Tsunami™ Ultra-Flo Spray Hose

- Engineered for high temp exposure (can withstand bake cycles)
- Proprietary inner tube will not break down
- Prevents contamination to the paint like traditional rubber hose
- Advanced engineering allows hose to lay flat and slide easily without catching or coiling
- Durable, lightweight construction
- 3/8" I.D.
- Tsunami™ technology extends hose life

ANTI-STATIC STRIP

- Eliminates static build-up
- Best choice for all tool applications

Available lengths - 35' and 50'
Hoses come with 1/4" male pipe connections

Suburban Manufacturing, Inc. uses only the highest quality materials in the manufacturing process of our Tsunami™ Ultra-Flo Spray Hose.
